IB Lines of Inquiry Checklist

A line of inquiry individually...
☐Develops an understanding of the CI
☐Is written as a statement or phrase (not a question, topic, or task)
☐Connects to the designated transdisciplinary theme
☐Develops conceptual understanding (key concepts & related concepts)
☐Develops student understanding through multiple perspectives

The lines of inquiry cooperatively...
☐Define the scope of the inquiry
☐Help to focus student research
☐Are open enough to extend student inquiries and deepen understanding of the CI
☐Are distinctive yet connected to one another
